Bob Saffell asked that we consider that many of our members are on central time and having meetings on EST is very early for these members. After a brief discussion it was decided that in the future we will plan meetings accordingly.

Bob brought to the Board's attention that the treasury had lost approximately \$2000 over the last three years. He said that was due to the cost of the club's newsletter, OVation (\$1500) and trophies (\$500). The Board discussed some ways to stem this loss and recommendations were made at the general meeting for OVation. It was agreed that nobody wants to lose the quality of OVation and ad prices were increased. The trophies (decals) were not discussed in the general meeting.

Committee Reports: will be found under the general membership meeting

2006 Specialty:

Adrienne Saffell brought to the Board's attention that Art Smith has carved a beautiful Irish walking stick and has donated it to the club's silent auction.
